Arrowhead Frost Proof Lawn Faucet

Application

Never again worry about bursting due to freezing with this Arrowhead Brass frost proof lawn faucet.

For use around homes, schools, commercial buildings, apartments and any place involving movable hoses attached to threaded faucets, indoors and out.

This Frost Proof Lawn Faucet features brass construction and and Type L hard copper for the housing and operating rod. The newly designed solder wells around the nipple and the brass of they body assure the pooling of the 95/5 solder for an absolute sold solder joint.

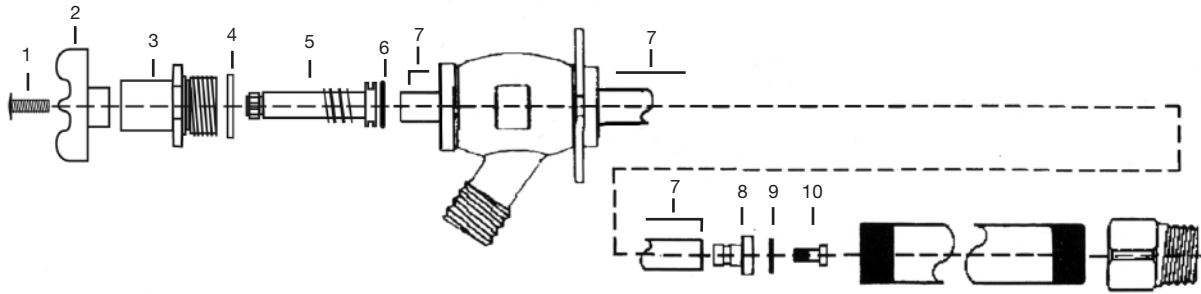

WARNING: When using a self-closing nozzle, always relieve pressure in the hose upon water shutoff to activate drainage of faucet.
