

Cimarron® Comfort Height®

Comfort Height® Touchless Toilet

K-6418

Features

- Flush is activated by a no-touch sensor mounted inside the tank.
- Powered by 4 AA batteries (included).
- Two-piece toilet.
- Elongated bowl offers added room and comfort.
- Comfort Height® feature offers chair-height seating that makes sitting down and standing up easier for most adults.
- 1.28 gallons per flush (gpf).
- When batteries are low, the unit will beep five times at half-second intervals when activated to indicate it's time to replace them.
- Combination consists of the K-5692 tank and the K-4309 bowl.
- Coordinates with other products in the Cimarron collection.

Technology

- Touchless module projects a field through the top of the tank lid that senses your hand, causing the toilet to flush.
- Single-flush gravity uses the force of gravity and a precision-engineered tank, bowl, and trapway to create a strong siphon during flushing.
- AquaPiston canister allows water to flow into the bowl from all sides (360 degrees), increasing the power and effectiveness of the flush.
- Flush valve's 3:2 ratio harnesses the natural force of gravity and optimizes flush performance.
- Durable canister design has 90% less exposed seal material than a 3-inch flapper, for leak-free performance.
- Light-touch canister flush requires a lower actuation force than a flapper.

Installation

- Touchless only adds three simple steps to installation.
- Standard 12-inch rough-in.
- DryLock™ System saves installation time and helps prevent water leakage.
- Seat and supply line not included.

Water Conservation & Rebates

- Touchless has no impact on water usage.
- WaterSense® toilets meet strict EPA flushing guidelines, including using at least 20 percent less water than 1.6-gallon toilets.
- Eligible for consumer rebates in some municipalities.
