

DIRECTIONS FOR USE

On installations, follow guides for lubrication and assembly which are supplied by pipe, fitting and gasket manufacturers. This product is ready for use directly from container. Do not change its consistency. If liquid is on the surface, stir well before using.

1. Clean pipe and gasket surfaces thoroughly.
2. Be sure gasket is properly seated.
3. Apply lubricant using cloth, brush, sponge or glove. Do not leave dry spots. Do not place lubricant into the ring groove. Avoid using excessive amounts.

PHYSICAL PROPERTIES

Solubility in water: Appreciable
 Appearance/color/odor: Tan colored paste. Mild odor

WARNINGS OR CAUTIONS

- Read all cautions and directions carefully before using product
- **KEEP OUT OF REACH OF CHILDREN**
- Avoid contact with eyes
- Prolonged contact with skin could cause irritation. Lubricant has characteristics of soap
